

**Eurobex Manufacturing Ltd.
McKinstry, Inc.**

October 4, 2005

Ladies and Gentlemen:

Eurobex Manufacturing Ltd. is pleased to announce the acquisition of certain assets of McKinstry, Inc. of Chicopee, Massachusetts, a company specializing in the production of high quality enclosures.

Founded in 1949, McKinstry has been manufacturing these products and accessories continuously for its valued customers in the U.S. Due to their commitment to quality, McKinstry has enjoyed remarkable long-term relationships with many of their agents and customers.

Eurobex is committed to maintaining not only the services, but the sales team which has been dedicated to customer satisfaction for 56 years. We strongly believe that McKinstry customers stand to benefit from Eurobex's and McKinstry's combined strength.

Having two state of the art North American facilities, Eurobex is a company committed to growth, excellence in research and development and continuous product and service improvement. Eurobex's broad product offerings include a full line of commercial, industrial and modular enclosures, which feature unparalleled advantages. Our automated manufacturing process is optimized for the production of special and custom enclosures with reduced lead times through flexibility, customer service and quick, reliable delivery.

It is our top priority to mobilize our sales force and resources to ensure your continued satisfaction through Bob Dion's and Nathalie Basile's dedication and enthusiasm.

For more information, please contact Bob or Natalie at 413-592-7716, or speak with our Director of Sales, Michael MacDonald at 1-800-363-2423 Ext. 108.

We sincerely appreciate your support in these exciting times.

Best regards,
