

## Continuous hinge cover wiring troughs

The 1500 CH hinged cover oil and dust tight troughs are used indoors to protect the enclosed controls from dust, dirt, oil and water splashing. The box and cover are made from 16 GA steel with all seams continuously welded. The opening has a flange

around all sides which increases rigidity and ensures complete contact with the oil resistant high quality seamless poured gasket. The door is secured by convenient 1/4 turn locks and can be opened over 180°. Internal mounting holes are provided and

a wall mounting kit is supplied. Enclosures and panels are finished with heat fused polyester powder, electrostatically applied on a phosphatized base. Box is ANSI/ASA 61 gray. **CSA Certified / UL Listed NEMA 12 / IP55**
